

DJ Fillippo - Interludio

Freitag, 22.05.2026, 17:00 Uhr - CitySeek Popup Luisenplatz 5

Interludio by Fillippo

Expect warm and slow tunes to be the soundtrack of a long Friday evening, selected by Colombian DJ @cfillippo for his radio show Interludio, which will be broadcast on Madrid's Radio Relativa. The theme of the show is music for waiting, where hosts and guests showcase music that's not made for the dancefloor nor the karaokes. This session will feature slow-paced, atmospheric and perhaps experimental pieces, made mostly by Latin-American artists, and selected carefully to be listened to under the sunlight.

Fillippo is a Colombian DJ, record collector and occasional event curator, coming from Bogotá. Over there, he holds a residency at VideoClub, a key hub for dance music and club culture in Latin America. Since 2024 he co-hosts Interludio with his friend, Barcelona-based DJ and curator Dulce. Fillippo has been collecting records for more than 10 years, and DJing at clubs, festivals and online radios since 2018.
